Clean the stairwells If

there is a fire or an acute case of illness or something similar, it must be easy to get up and down the stairwells. Therefore, you are not allowed to store things there. Not doormats. Not sledges. Even though it's winter.

Try taking the stairs down instead of the elevator, and see if there is anything to remove. Feel free to talk to your neighbors.

Meeting 2022 (only for tenant-owners)

All of you who have condominiums will be called to the 2022 Annual General Meeting in the spring.

Preliminary date is **June 14**

If you have any suggestions for what the association should do, you should submit a motion. These must be submitted to the board no later than 31 March. You are welcome to talk to the board before so we can ensure that the exercise is as good as possible.

There will also be elections to the Board, as well as to the Nomination Committee. If you are interested, please contact Kristina Malm Jansson, who is our nomination committee. Contact her about board work and you are curious. You can reach her best on 070-201 70 23 or kristina.malmj@gmail.com.

The balcony project has started

The board has hired the company Pararet AB, and they help us to prepare tender documents for a procurement of balcony renovation and related maintenance of roofs and facades.

We will call for general meetings and information meetings when we have sent out inquiries and received quotes. Hopefully there will be some kind of information meeting in March.

If you want to get more involved during the journey, get in touch! We are happy to have more in the working group!

Thank you for help with radon measurement

Measurement has been going on in several apartments for a month now. Thank you to all of you who help with measurements and ensure that we can meet the rules regarding measurements. You help prevent health problems in our property!

Better in the trash?

Following complaints from the company that collects our waste, we have made a new attempt to organize the waste room. Pay attention to what garbage to put where.

We have also mounted new lids on the compost bins. Do you think they work? Send an email and say what you think of them!

Close the doors so that the rats do not enter!

We have rat traps on display around our house. In recent weeks, they have caught more rats than usual. Therefore, it is important to keep doors closed so that we do not get rats and other rodents into the house.

Talk to Gunnar: The association's chairman

Between 18:00 and 19:00 you can go down to the association's premises and talk to the association's chairman Gunnar Fernström, when there is something you want to bring up. He's in place

March 7, April 4 and May 2

with kind regards, The Board BRF Lunden

Gunnar Fernström, Jan Olivecrona, Ludvig Hult, Agneta Christiernsson, Filip Hidén,
Husein Velic, Christian Bertvall
